

Richmond Hill Counterbalance Forklift License

Richmond Hill Counterbalance Forklift License - When operated by fully trained operators, forklifts can become a major asset for companies and firms. We can offer your personnel a comprehensive training program that covers all aspects of operating a powered lift machine. Counterbalance forklift training provides operators of forklifts with the understanding and practical skills considered necessary to operate forklifts safely and efficiently. The particular program offers a combination of classroom theory, participant observation and hands-on training in a warehouse-type surroundings. Training could be customized and/or on site.

The course goes through the lift truck fundamentals, regulations and rules, parts, factors affecting stability and load centres. Procedures about the general operation of the forklift is taught, in addition to circle checks, startup, forward/reverse on level ground, shutdown, and operating around other people. Load handling topics include load pickup and placement, selection of loads, load security and integrity, loading and off-loading trailers. Participants will learn operational maintenance procedures, like for instance recharging and refueling. Workplace safety concerns would be talked about. Individuals participating will know the environmental conditions affecting the performance of the lift truck and be able to identify possible hazards. Advanced training on propane handling could be incorporated.

Both employees and employers could face severe penalties if industry and national rules are not followed in the operation of forklifts. Workers who operate a reach truck or forklift must be knowledgeable concerning the rules concerning their safe operation. Training is suggested for any individual applying for a job that requires forklift operation.

In our personalized small classes, we provide both hands-on training and in-class theory. The choices for personalized training will comprise refresher or entry level courses.

Entry-level Course Outline:
